

House in the Highlands

Einich, Newtonmore, Inverness-shire, PH20 1AT

To all dog owners.

We welcome dogs to Einich but do ask that, for the consideration of guests coming in after you, owners act responsibly and that you follow the guidelines below.

For the hygiene and well-being of future guests, please kindly poop scoop and dispose of correctly.

Whilst we appreciate the fondness of dogs to their owners, please ensure that they do not go on the furniture or upstairs.

Please keep all wet dogs in the boot room until they are dried. Towels which have been supplied are not to be used for drying or cleaning a wet dog.

Although your dog may be wet and dirty please do not clean or dry your pet in the house. There is an outside tap at the back door for washing down.

Dogs should only be left in the house if they are in the boot room (and in a dog crate if they are chewers!)

A vacuum cleaner is available to guests to tidy up any excess hair from your dog.

Please follow the Countryside Code when out and about with your dog.
